

Application for UQconnect Global Access – UQ Staff only

UQconnect Global Access provides you with access to the Internet and your email from almost anywhere in the world. You just dial in to a local number, and UQconnect charges you for the time spent on the connection. This service is ideal if you are travelling around Australia or overseas with a laptop. Currently this service is only available to UQ staff accounts paid for by the University. To be eligible for this service your UQ staff account will need to have Dial in Internet Access capabilities (please phone UQconnect for an application if required (07) 3365 6000 (option 3)). You may subscribe to Australia wide access only (ISP Plus), or to the full UQconnect Global Access (ISP Plus and iPass). When you dial in to one of the numbers listed on your set up, you will actually connect to an ISP in the town or country you are visiting, and then the hourly charges will be billed to your normal UQconnect dial in account.
